Springboro Troop 7

Scout Troop 7 Web Page and Publicity Permission Form

Dear Parents,

We hope to incorporate many pictures of our activities and give out information scouts need. However, before the pictures can be posted, we require parental permission regarding the posting of pictures for each boy. Most pictures will be captioned with a "Trail Name" to protect the scout's identity. Other "public" information will also use the scout's "trail name". We will be following the "Safe Scouting Guidelines" for the site and most pages will hopefully be created by the scouts themselves.

Please note that this web site will contain the full name and telephone number for the scouts but will be in a password protected area known only to the Troop 7 scouts. All real names will be protected behind password protection with the exception of the "Board of Honor". This area of the web site will contain the names, ranks and number of merit badges earned of the scouts in the troop.

If you have any questions regarding the World Wide Web, the Internet, or the content of this site please contact Rick Repp at 885-7447. Should you not want any information on the web site or local papers, please sign #3 below. Keep in mind that we will have to exclude these scouts from our group pictures.

Please sign #1 and # 2 if you will allow information to be used. Thank you

1) I give my permission for the posting of Troop 7 group photos on the Internet that contains the Scout name listed above. These photos will include a caption describing the activity. I also give permission for the posting the name of this scout in context with other scouts. This will NOT have any point of reference directly to the scout.

Signature: _____

2) I give my permission to post my son's activities and awards as part of Troop 7 information in the local newspaper.

Signature: _____

3) I Do NOT give permission to post anything that has the Scout name listed above or picture on the internet or local paper.
